The Boys & Girls Club of Bowling Green helps hundreds of kids each day.

We serve children who need us the most in the community. In fact, 76% of our children live at or below poverty level. 65% come from single parent households, live with relatives or are in foster care. Our club serves over 500 children per year.

By attending the Club, we provide our members with the skills to become productive adults who will contribute to our community for future generations. Our club members may not have much but with support of people like you, they can take comfort in knowing that they will always have a safe place to go. At the Boys & Girls Club they can get the support they need to help them become more successful in the future. Thank you for your support, with your sponsorship we all can make an impact for this organization.
